

Digital Promise[®]

Accelerating Innovation in Education

Challenge Based Learning

Challenge Based Learning (CBL) provides an efficient and effective framework for learning while solving real-world challenges. The framework is collaborative and hands-on, asking participants including: students, teachers, families, and community members, to identify big ideas, ask good questions, identify and solve challenges, gain deep subject area knowledge, develop 21st century skills, and share their experience with the world.

Digital Promise offers consulting services to help schools and districts build a CBL environment through professional learning and strategic planning. In a CBL engagement, Digital Promise consultants work with school teams and district leaders to implement the CBL framework in a way that complements the district's philosophical underpinnings and goals, and supports the full potential of technology in learning.

How We Engage

We will help you develop a customized plan using the CBL framework to meet the needs of your district.

Solution

Description

On-site strategic planning

We work with a team of administrators and/or lead teachers to help them gain a deeper understanding of the CBL framework, create a professional learning plan that complements your district's goals, and develop a plan for implementation.

On-site workshops

Participants will be guided through the Challenge Based Learning framework to solve relevant challenges and apply concepts and strategies to their situation.

Institutes

Two to three day immersive experience for teachers.

On-site implementation support

Work with teachers on-site to plan and implement CBL through:

- Classroom coaching
- One-on-one sessions
- Group meetings
- Model lessons

Ongoing virtual support

Provide ongoing support through immediate, focused, customized support to fit teachers' needs via video conferencing, email, phone, etc.

About Digital Promise Professional Services

Digital Promise Professional Services leverages the resources and networks of Digital Promise to provide custom support, content and experience that advances learning. Our team of educators combine lessons learned through years of experience to help personalize professional learning, and engage students in powerful ways. Become a part of the Digital Promise mission to accelerate innovation in education.
