

Digital Promise Professional Services

Digital Promise Professional Services helps you create personalized, collaborative, mobile learning opportunities for your students. Take advantage of our knowledge and networks, deep experience, research and tested methodologies to accelerate innovation in your district.

Six Tracks That Can Help You Drive District Transformation

Challenge Based Learning

Take action and make a difference! Engage learners with a compelling framework for understanding and solving authentic challenges.

The Digital Promise Journey

Guide your district's digital transformation using our change management blueprint.

Leadership Coaching

Build your leadership capacity by working with a nationally recognized network of forward-thinking K-12 leaders.

Educator Micro-credentials

Personalize professional learning through a system designed to recognize the competencies your educators develop, formally and informally.

Storytelling

Spotlight success and inspire action through digital documentation and storytelling.

Maker Learning

Kickstart or advance maker learning in your school or district.

How We Engage

Move beyond the basics and power up your use of technology to support teaching and learning. We will help you develop a customized plan that aligns with your district and school priorities.

Engagement	Description
Institutes and workshops	One to four day immersive sessions on focus areas (e.g., one-to-one learning, storytelling, maker learning). Participants will develop skills, engage with challenges, and apply their experiences to their professional practice.
On-site Implementation Support	Work with teachers on-site to plan and implement challenges through classroom observations, one-on-one sessions, in classroom coaching, group meetings, and model lessons.
On-site planning with leadership team	Work with a team of administrators and/or lead teachers to create a long-range plan with implementation strategies and milestones.
Virtual Support	Immediate, focused, customized support to fit participants' needs via video conferencing, chat, email, phone, etc.
