

Looking for Powerful Learning

Powerful Learning is personal and accessible, authentic and challenging, collaborative and connected, and inquisitive and reflective. By designing learning experiences that reflect these principles, educators can deeply engage their students in learning and ensure the purposeful use of technology.

Use this tool during learning walks to better understand and offer feedback on a learning experience. Use the I saw, I appreciate, I wonder protocol to record observations, thoughts, and questions. Use the “look fors” and sentence frames as guides, and feel free to go beyond what’s there.
