

# Patterns in Texts

Pattern  
Recognition

A-B-A-B

C-V-C

Patterns in texts can help you make sense of what you are reading.

## Examples of Patterns in Texts

### Rhyme

Look for words that end with the same sound

Imagine a **cat A**  
In a big **hat A**  
Imagine a **mouse B**  
In a small **house B**

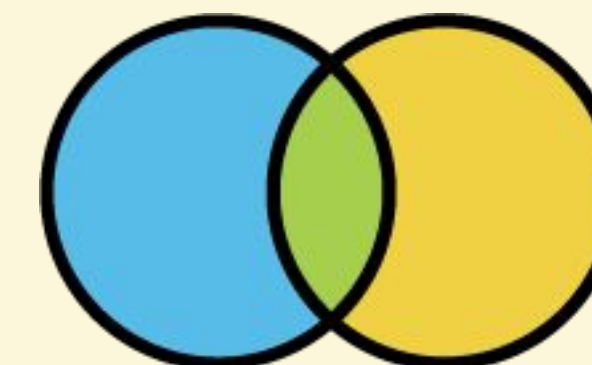

### Relation

Look for words that describe relationships between ideas

Transition words:

but, both, however, similar, alike, different

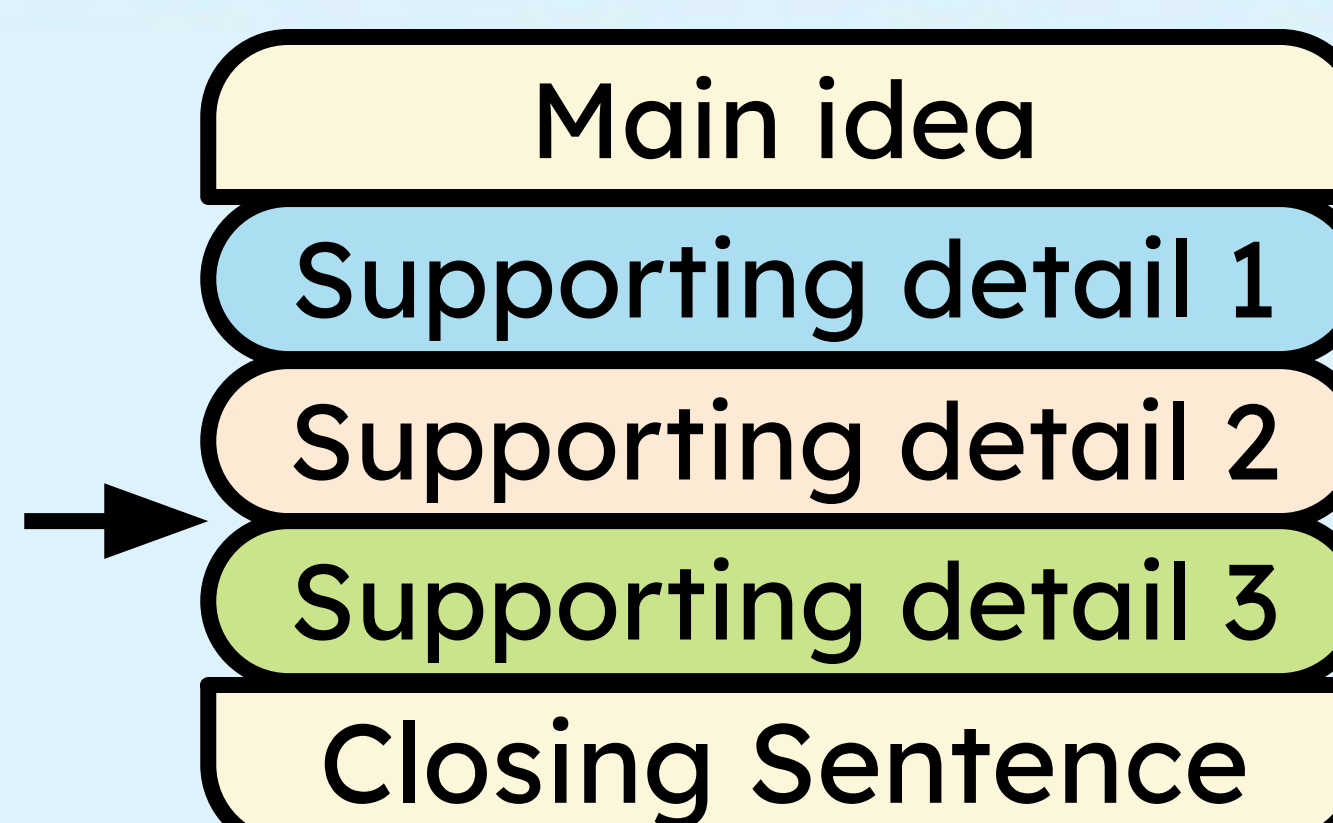

Compare & Contrast

### Repetition

Look for repeated structures in text such as in sentences or paragraphs

Paragraph Structure

You can **circle**, underline, **highlight**, add **different colors**, or use symbols (\*!?) to mark up a text to help notice patterns.

**What other patterns do you notice when reading?**
