Content Ideas for Your Newsletter

Explore sharing different topics each month to keep the content engaging and relevant!

PD OPPORTUNITIES

Upcoming Webinars/Workshops: List PD sessions (both in-house and external) relevant to educational technology.

Certification Programs: Promote certifications like Google Educator, Apple Teacher, etc.

TECH TIP OF THE MONTH

Share a simple, actionable tip or shortcut (e.g., how to use keyboard shortcuts, create bookmarks, organize tabs).

DIGITAL CITIZENSHIP CORNER

Provide tips on how to teach digital literacy, safety, and responsibility. Share resources on topic like cyberbullying, safe internet practices, and digital footprints.

TECH TROUBLESHOOTING FAQ

Address common tech challenges teachers may face (e.g., “How do I reset my password?” or “Why isn’t my device connecting to the internet?”). You could also offer tips on device management and student account settings.

COLLABORATIVE LEARNING OPPORTUNITIES

Promote or organize a Pineapple Chart initiative, encouraging teachers to observe each other’s classrooms to learn new tech integration strategies.

PEER INSPIRATION

Tech-Enhanced Lesson: Showcase a lesson plan from a teacher that successfully integrates technology (with photos or quotes if possible).

Student-Centered Projects: Highlight a student-led project using tech, showcasing what they’ve learned.

TECH CHALLENGE OF THE MONTH

A fun, monthly challenge where staff try using a new tool or feature and share their experience. Include a reward or recognition for those who participate.

TOOL OR APP OF THE MONTH

Highlight a useful tool or app (e.g., Kami, Loom, FigJam) and explain how they can be used effectively in the classroom. Link to intro tutorials and other beginning-user supports.

RESOURCE ROUND-UP

Articles and Blogs: Share recent articles or blog posts on educational technology.

Templates and Tools: Provide links to lesson plan templates, instructional videos, or teacher-friendly tech guides.

DIGITAL WELLNESS TIPS

Share strategies for balancing screen time with hands-on activities and fostering healthy tech use for both students and teachers.
