

# TEACHER-LED

# PROFESSIONAL DEVELOPMENT

## SCHOOL

- Hosting classroom visits for other teachers to observe and exchange techniques.
- Participating in or leading professional learning communities (PLCs) or special committees.
- Contributing to internal staff newsletters or resource repositories.
- Hosting "Tech Tuesday" or similar teacher-led, tech-based professional development.
- Mentoring newer teachers.

---

## SCHOOL COMMUNITY

- Sharing technology tips through family newsletters.
- Highlighting impactful learning strategies that integrate technology via school social media platforms.
- Leading educational stations or presenting during STEM nights.
- Collaborating with a local business or organization to offer real-world learning opportunities.

---

## REGIONAL/NATIONAL

- Joining and actively participating in professional teaching organizations.
  - Engaging with other educators online through forums or websites like LinkedIn, X, and Facebook Groups.
  - Contributing to produced content such as blogs, articles, and podcasts.
  - Presenting at educational conferences to share insights and best practices.
  - Seeking grants or funding opportunities for innovative classroom projects or school initiatives.
-
